TO WHOM IT MAY CONCERN

RE: LETTER OF RECOMMENDATION

MR. RUTO ALVIN KIBET

The person named above was an attaché in this organization and was attached to the **IT Enterprise & Smart City Solutions Division**, from 3rd February 2025 to 2nd May 2025. He had been assigned responsibilities to which he performed to the ultimate satisfaction of his supervisor:

- i. Develop and enforce standards and guidelines for software development life cycle
- ii. Design and develop IT Solutions based on modern technologies such as blockchain, artificial intelligence, robotics, cloud computing, IoT to improve the quality of life of citizens and greater efficiency for better public services within the Konza Technopolis.
- iii. Develop and implement migration strategies for customer workloads to Konza platforms.
- iv. Work with departments, customers, partners and residents to design and develop the required IT Solutions.
- v. Develop and maintain Konza Cloud services such as Platform as a Service (PaaS), Software as a Service (SaaS), Infrastructure as a Service (IaaS), private cloud, public cloud among others.
- vi. Maintain health status of IT solutions for better performance
- vii. Fulfil incident requests from internal and external customers surrounding the management of Cloud Platforms within applicable Service Level Objectives.
- viii. Develop and implement standard operating procedures and policies for administering a robust and stable Konza Cloud Services.
- ix. Maintains consistent standardization of the server environment, infrastructure, functions, and objects.
- x. Undertakes data migrations, server upgrades, roll outs, and production turnover.
- xi. Reviews, evaluates, and test new technology and new products from vendors.
- xii. Drives the deployment of customer workloads into Konza Cloud and increase their consumption of the platform by providing deployment guidance, supporting development of the customers' cloud adoption model, and providing appropriate recommendations to overcome blockers.

Alvin did a good job in this position and has been an asset to our organization. He has excellent communication skills, can work independently, and is able to follow through to ensure that assigned tasks are done. He would be an asset to any employer, and I recommend him for employment in your organization.
